

Lead the Future of Workforce Innovation

Join the NationSwell Workforce Innovation Collaborative

The workforce landscape is shifting rapidly—shaped by AI, automation, shifting demographics, and economic uncertainty. The labor market in the next decade will face urgent challenges and opportunities across every sector and industry. Impact leaders need a trusted space to align on what's next.

NationSwell's Workforce Innovation Collaborative is where cross-sector leaders come together to explore trends, surface bold practices, and co-design scalable solutions.

Why Join

Collaborative members join a peer-driven learning and action journey—building cross-sector relationships, surfacing bold solutions, and advancing shared impact through strategy, storytelling, and collective action.

Learn

Access curated research, insights, and expert-led workshops to stay ahead of workforce trends and technologies.

Connect

Join a trusted cohort of senior leaders across sectors. Deepen relationships and spark collaboration through facilitated discussion and shared discovery.

Act

Move from insight to action through targeted workstreams and strategic planning designed to unlock aligned, real-world progress.

Lead

Elevate your organization, partners, and priorities through thought leadership, campaigns, and public storytelling.

Who Participates

The Collaborative includes leaders from:

[Philanthropy](#) | [Business](#) | [Nonprofits](#) | [Policy](#) | [Education](#) | [Workforce Innovation](#)

Our participants include senior leaders from Fortune 500 companies, major foundations, and social impact organizations committed to building an inclusive, future-ready workforce.

What to Expect

The Workforce Innovation Collaborative is a **sustained, facilitated experience** over the course of a year.

It's a space for **senior impact leaders to roll up sleeves and do the work together**, powered by NationSwell's award-winning model for driving collective action.

- **Quarterly Group Workshops:** Expert-led sessions exploring timely workforce challenges and surfacing shared solutions
- **Targeted Working Groups:** Focused sessions that build capacity, strengthen equity-centered design, and spark aligned action
- **Ongoing Strategic Support:** Roundtable conversations, 1:1 strategy sessions, and curated tools to guide implementation and learning
- **Content & Visibility Opportunities:** Collaborative storytelling, campaigns, and opportunities to spotlight your work, partners, and what's working across the field

Our Collective Goals & Exploration:

- Support AI capacity of the social impact workforce
- Address skills gaps for fast-growing skilled trades jobs
- Develop inclusive approaches to workforce innovation & skills-based hiring
- Foster connection, spotlight solutions, and identify co-funding opportunities

Your Role in Advancing Impact

As a Collaborative partner, your voice helps shape the agenda—from the questions we explore to the opportunities we pursue together. You'll contribute to expert workshops, co-create strategic roadmaps, and help surface high-potential solutions.

You'll also have the opportunity to elevate your organization's priorities and partners through thought leadership, campaigns, and storytelling. By nominating nonprofit collaborators, you'll help extend the table to ensure a broader set of voices and experiences help shape the future of work.

Let's Connect

Flexible engagement options are available—whether you're looking to co-lead, shape direction, or underwrite shared impact. **Reach out to explore how your organization can get involved.**
